

Transform Your Space with Perfect Curtains

Discover how the right window treatments can completely transform your home's ambience, comfort, and style.

Why Curtains Matter More Than You Think

Style & Personality

Curtains are the jewellery of your rooms, adding texture, colour, and character. They frame your windows beautifully and tie together your entire interior design scheme.

Light Control

Master the ambience in every room. From blackout fabrics for restful sleep to sheer drapes that filter harsh sunlight whilst maintaining your privacy and views.

Insulation & Comfort

Quality curtains act as thermal barriers, keeping rooms cooler during scorching summers and warmer in winter, reducing your energy bills significantly.

Choosing the Perfect Fabric for Indian Homes

Cotton & Linen

Breathable and natural, ideal for living areas. Excellent for Indian climates, offering durability and easy maintenance whilst looking effortlessly elegant.

Silk & Velvet

Luxurious options for formal spaces and bedrooms. These rich fabrics add opulence and provide excellent light blocking and insulation properties.

Polyester Blends

Practical and budget-friendly, resistant to wrinkles and fading. Perfect for high-traffic areas and homes with children, offering longevity and easy care.

Sheer Fabrics

Light and airy, perfect for layering. Creates a soft, romantic atmosphere whilst maintaining privacy during daytime and allowing natural light to filter through beautifully.

Measuring & Installation Made Simple

01

Measure Your Windows

Measure width at three points (top, middle, bottom) and use the widest. For length, measure from rod to desired endpoint. Add 15-20cm to width for fullness.

02

Choose Rod Height

Mount rods 10-15cm above the window frame to create the illusion of height. For dramatic effect, go closer to the ceiling.

03

Consider Special Windows

Bay windows, French doors, and arched windows need custom solutions. We specialise in creating perfectly fitted treatments for unique architectural features.

04

Professional Installation

Ensure secure mounting with proper brackets and hardware. Our team handles everything from measurement to final hanging for flawless results.

The Shiv Furnishing Difference

Free Consultation

We visit your home to understand your needs, measure your windows, and discuss your style preferences. Our experts provide personalised recommendations.

Fabric Selection

Choose from our extensive collection of premium fabrics. We provide samples so you can see how they look in your lighting and with your décor.

Custom Creation

Every piece is tailored to your exact specifications. We craft curtains that fit perfectly and reflect your unique style, down to the smallest detail.

Expert Installation

Our skilled team handles professional installation, ensuring perfect hanging and function. We don't leave until you're completely delighted with the results.
