

Massey Ferguson 1035 DI Maha Shakti — A Compact Power-Packed Tractor

[Massey Ferguson 1035](#), marketed as the 1035 DI Maha Shakti on TractorGyan, is a robust 39-horsepower (HP) tractor designed for small to medium-scale farming.

Key Specifications

Under the hood lies a SIMPSONS S337 T III-A 3-cylinder engine with a 2,400 cc displacement and inline fuel injection. Transmission options include either 8 forward + 2 reverse gears or 6 forward + 2 reverse, via sliding mesh or partial constant mesh gearing. Its PTO is a single-speed live type at 540 RPM (at 1,500 RPM), and it boasts a hydraulic lifting capacity of 1,100 kg.

Physically, its wheelbase is 1,785 mm; weight about 1,700 kg; tyre sizes are 6.00×16 (front) and 12.4×28 (rear); while length is around 3,340 mm and height approximately 2,210 mm. It has dry-disc brakes (Dura Brakes) and comes with draft-position-response hydraulics control to aid in lifting and implement handling.

Pricing & Warranty

As per TractorGyan (2025), the ex-showroom price of the Massey Ferguson 1035 DI Maha Shakti ranges from about ₹ 5.40 lakh to ₹ 5.70 lakh, while the on-road cost is estimated between ₹ 5.90 lakh and ₹ 6.20 lakh. It carries a warranty of either 2 years or up to 2,100 operating hours.

Why It Stands Out

TractorGyan highlights this tractor as a fuel-efficient, versatile model suited to multiple implements. Its compact frame with decent lifting capability makes it ideal for precision or small-farm operations. Farmers have praised its value for money and performance, though some have wished for higher lifting capacity or a 4WD version.

Conclusion

If you're considering a reliable 39 HP tractor for tasks like plowing, tilling, or haulage on small or mid-sized fields, the Massey Ferguson 1035 DI Maha Shakti is a strong contender. TractorGyan provides the latest specs, dealer details, and comparisons to help you make an informed choice.
